

Yaniv Taubehouse Trio - Press Kit

" A marvelous piano trio outing. Taubehouse has a restless sense of wonder on his own tunes, and a beautiful feel for the standards. And he's got crack trio-mates on board. He seems to know where he's going: where the music takes him." - All About Jazz

" Subtly sailing along in a way that elicits an all-over feel-goodism, the title track for Yaniv Taubehouse's new CD, "Perpetuation," glows like a welcomed candle in the dark. Taubehouse (trained in several instruments but ultimately drawn to piano) has written songs that melt away the anxieties and uncertainties of daily life. "

Press/Quotes:

" The range of atmospheres and emotions in the poetry of Yaniv Taubehouse's music is astounding. Rarely and only once or twice in a lifetime do you get to hear a musician and a pianist who is as sensitive as Taubehouse to the voice of the heart, the breadth of human emotion and its relationship with the whisper of nature, and its roar as well. " - **Jazz da Gama**

" Yaniv Taubehouse is definitely poised to be one of the new young lions of jazz to watch out for and his impressive Here from There debut, is a serious musical statement. " Taubehouse played a piano in the room. I was impressed. It was obvious that he could play fluidly, improvisationally and energetically. As you listen to Taubehouse's work, it is clear he already has great command of the instrument — not to mention all sorts of original musical ideas. "

- Columbia (MO.) Daily Tribune

" The kind of stuff that easily stands out, this is for those muso ears that really want to get into the music. Well done. "

- Midwest Records"

Few younger-generation players would be capable of a similar deconstruction of Time After Time, or following it with the intense uplift of Hope. New talent comes along with the seasons; fresh new talent is somewhat rarer and more precious." - **Jazz Journal**

" Taubehouse is yet another brilliant musician from Israel making a name for himself in the USA. He is the thinking jazz fan's jazz man" - **The Jassman**

" Taubehouse's musical personality and vision is so strong. His music has an intensity which comes from this purity of vision, but which, however, is balanced and underpinned by an emotional optimism that is very appealing." -**Budd Kopman, All About Jazz**

" Yaniv Taubehouse has a wealth of talent which includes many musical assets. His special music is delightful, attractive, thoughtful, pensive, diverse, playful, rhythmical and a pleasure to listen to.

Yaniv's music includes great combinations of natural melodies, harmonies and rhythms. The compositions and improvisations have many interesting influences, yet he maintains his own vitality and identity! " - **Joanne Brackeen**

Yaniv is remarkably talented musician and a natural performer; his pianistic and musical abilities and his interest in and experience with many styles are promising". - **Jura Margulis**

" Yaniv is an extremely gifted, creative, dedicated young man who has proven himself to be an excellent pianist skilled in the various styles of jazz from stride piano to "bebop" as well as the more contemporary forms.
